## 2024 PROGRAMS

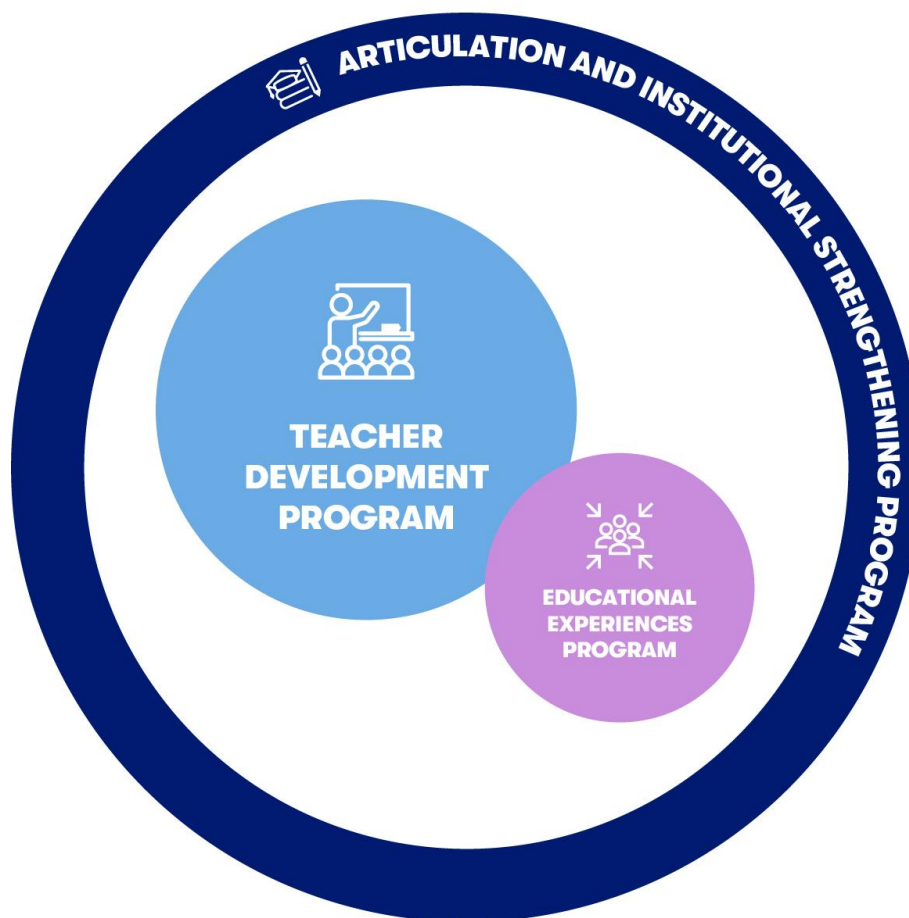

At Fundación ReachingU, since 2001 we have been giving educational opportunities for the most vulnerable children and adolescents in Uruguay to reach their full potential.

Our 2020-2025 Strategic Plan defines that our intervention model (value proposition) combines two lines of intervention:

- direct funding and co-creation of projects, and
- institutional strengthening, articulation and access to knowledge.

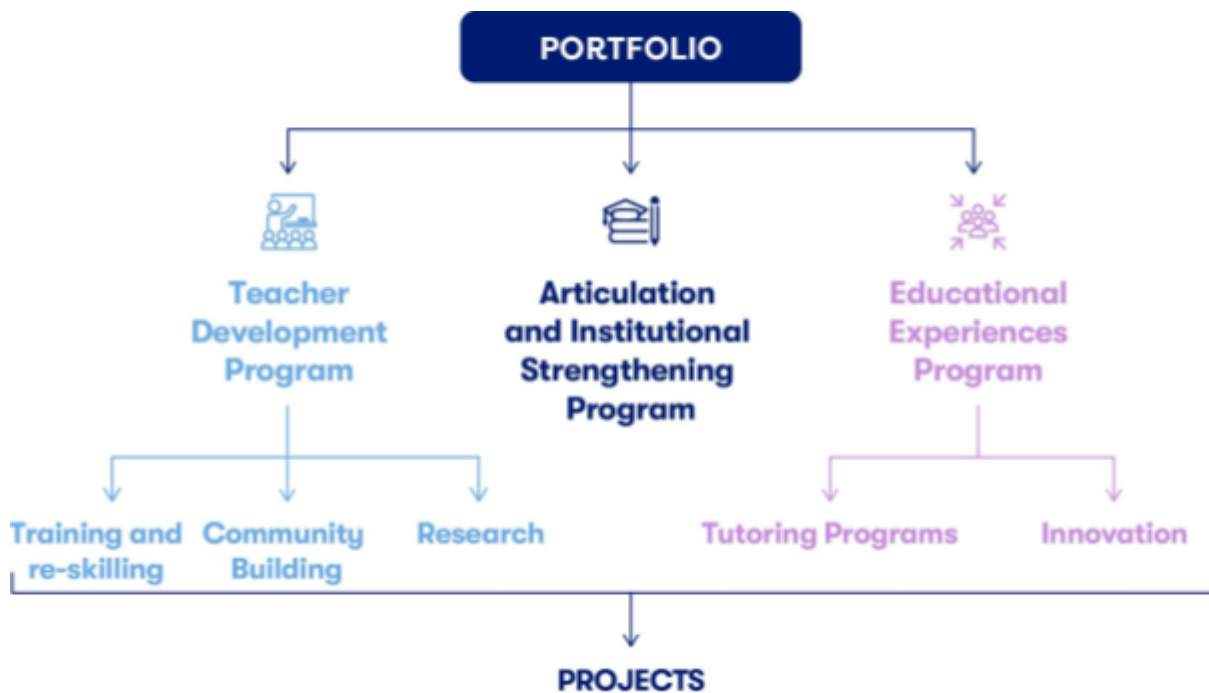

Also within the framework of this strategic plan, the professional team of Fundación ReachingU defined the need to structure the portfolio based on different programs, each one with its own objectives, activities, and KPIs.

From 2024 we will have 3 new interconnected programs to enhance our impact, which will allow us to comply with both lines of intervention defined in the strategic plan.

1. **TEACHER DEVELOPMENT PROGRAM:** which contributes to the development of teachers and education professionals in Uruguay, mainly those who work in underprivileged areas.
2. **EDUCATIONAL EXPERIENCES PROGRAM:** that generates projects that promote the eagerness for learning and prevents the dropout of students.
3. **ARTICULATION AND INSTITUTIONAL STRENGTHENING PROGRAM:** which, by an intervention throughout the entire portfolio, provides advice to teachers and professional teams, creates synergies between organizations and replicates the knowledge generated to amplify its impact.

The portfolio will be composed of these 3 programs.
