AND OPEN DOORS TO BRIGHTER FUTURES IN URUGUAY**

ABOUT FUNDACIÓN REACHINGU

For 24 years, Fundación ReachingU has been committed to transforming the lives of children and youth in vulnerable communities across Uruguay — where nearly 80% of students from low-income families never finish high school.

By joining us, you can help break the cycle of poverty and open the door to a brighter future through education.

OUR SILENT AUCTION

Our annual online charity auction is part of the “Raise Your Hand for Education in Uruguay” campaign.

Individuals and companies donate works of art, products, services, and experiences, which are auctioned over a two-week period to benefit Fundación ReachingU's educational programs.

Our silent auction creates a virtuous circle where donors and buyers come together to drive more and better educational opportunities.
